**"I SAW YOU"**

Matthew is still having trouble being accepted by the other Apostles; but two new arrivals (Nathaniel and Phillip) to the group begin to "befriend" him; even trying to teach him how to tell a joke and make a fire with wet wood!

Nathaniel's dreams for a career in architecture are crushed by an "an the job accident"; and Jesus calls him to "follow Him".

The ladies in the entourage are encouraged to learn to read and study the Bible ("Torah" - Old Testament").

Phillip is described by Jesus as His "most experienced" follower because of his "high energy".
